

EJAB International Group

Abstract

EJAB International for Trading was established in 1982 by Sheikh Bader bin Nader. The company started exporting sand to Bahrain and selling centrifugal drip irrigation system to the emerging agriculture sector in the Kingdom. EJAB was one of the first companies serving these sectors in the Kingdom. Later on EJAB started a Factory and processing facilities for recycled engine oil and bitumen. By early 1990s the company became an established name in the oil and chemical sectors and expanded its operations to UAE, Bahrain, Egypt and other sister companies under it. During this period the Group started manufacturing Bitumen Sheets and Different grades of Bitumen, we expanded our markets to India and China in addition to Middle East Countries.

SAUDI TAFANEL TRADING

Import, wholesale and retail trade in insulators asphalts oil stabilization materials, bitumen and new oils for export.

Bitumen is commonly known as “asphalt cement” or “asphalt”. While elsewhere, “asphalt” is the term used for a mixture of small stones, sand, filler and bitumen, which is used as a road paving material. The asphalt mixture contains approximately 5% bitumen. At ambient temperatures bitumen is a stable, semi-solid substance.
